### TROUBLE OVER OIL FIELDS EXPECTED

LAREDO, Texas, Jan. 31 - (Correspondence of the Associated Press.)-Efforts of General Luis Caballero to induce General Manuel Pelaez, whose forces control the Tampico oil regions, to submit to the federal government, have met with emphatic refusal, according to private advices received here from the affected district. Caballero is said to have failed in his attempt to persuade the oil pro-ducers to buy off Pelaez. If the government persist in its attempt to carry out the announced program of securing complete control of the oil fields, Ca-bellero's threat to invade the region may become his only recourse. ballero is reported to be receiving a few men and considerable supplies by sea from Vera Cruz and other gulf
